

Alternative Services Monthly Rate Information Effective January 1, 2021

Authorizations

In order for a vendor to bill Alternative Services effective January 1, 2021, an authorization with subcode A@ must be in place. If you do not have an Alternative Services authorization and a family has agreed to receive Alternative Services, notify the assigned Service Coordinator and request an authorization.

If you submitted a list of individuals who agreed to accept Alternative Services and there was a discrepancy between the person's served name and the UCI, an A@ authorization was not issued. You may submit your request for the authorization to the assigned Service Coordinator.

Billing

In addition to completing the new eBilling invoice for Alternative Services, vendor **must** also complete/submit an RCOC Alternative Services Monthly Rate Attendance Sheet. Failure to submit the RCOC Alternative Services Monthly Rate Attendance Sheet **will** result in a delay in payment.
